

## Soft Matter Meeting in Leiden 26.11.10

Havingzaal, Gorlaeus Laboratorium, Einsteinweg 55, Leiden

Enter through the main entrance of the Gorlaeus building (looks like a UFO).  
Walk up the stairs and continue straight down the long corridor to the very end.  
Go through the doors at the end of the corridor and take an immediate right turn.

The **Havinga Zaal** is 50m down the hall to the right.
